## WHAT IS THE NURSE OF THE WEEK PROGRAM?

The Nurse of the Week program at Camp Lutherhaven is a newly revamped volunteer opportunity. In this position, a licensed RN assists with the medical needs of the camp summer program for approximately one week. They work with our First Aid Coordinator to distribute medications, treat minor injuries and illness, and promote good health and safety practices among staff and campers.

A Nurse of the Week typically arrives on Sunday morning for moving in and orientation before worship. He or she will then serve as a resource during the registration process and help throughout the week. The end of the session is either Friday evening, Saturday evening, or Sunday morning depending upon if there is a weekend program at Camp.

In return, the nurse of the week and his/her family will be able to stay here at Camp Lutherhaven in one of our air-conditioned Lodge Private Rooms. Another key benefit for volunteers is enrollment of his/her child(ren) in one of Camp's programs for half the normal registration cost.

If you are interested in becoming part of this essential program, complete the application on the back of this brochure. When Camp receives your registration, we will call to confirm your dates of service and shortly thereafter you will receive an information packet regarding your responsibilities, housing, and arrival/departure particulars.
